What does this mean?

Across all job roles, employers have plans to improve the English skills of their employees. The focus of this improvement was mainly seen for top and middle management roles.

If you are planning to improve the English language levels of your employees, we offer a suite of three [Business English certificates](#). The content in the [Cambridge English: Business Preliminary](#), [Vantage](#) and [Higher](#) exams is based on everyday work and business tasks, to ensure your employees can use English confidently.
